April 19, 1965

IN REPLY REFER TO:

Mr. Lyman B. Kirkpatrick
Executive Director
Central Intelligence Agency
2430 E Street, N.W.
Washington, D. C.

Dear Mr. Kirkpatrick:

The Central Intelligence Agency generously agreed, in your letter of August 7, 1964, to transfer \$5,000 to the National Bureau of Standards to help finance its research program on microscopic blemishes on microfilm.

We are sure you will be interested in the enclosed Technical Note just published by the National Bureau of Standards which summarizes the progress made on the research program to date.

Although the research is still some months from completion, I am sure you will agree that heartening progress has been made. We will keep you informed of developments as they occur.

Sincerely yours,

Wayne C. Grover
